Delivery Service Partner Insurance Program brought to you by Aon

Program Overview

Aon has designed an insurance program that satisfies the requirements Amazon established for its Delivery Service Partners (DSP) and helps deliver more cash flow into your business. Call for assistance with additional business insurance products.

What Insurance Products Are Required?

Business Automobile Liability covers you for bodily injury or property damage losses that you are held responsible for when using a company vehicle.

- **Cargo Liability** provides coverage for damaged or loss of property in the course of transit due to causes such as fire, collision or striking of load. \$25,000 Cargo coverage included. No need to purchase a separate policy.
- **Hired and Non-Owned Automobile Liability** covers bodily injury and property damage caused by vehicles owned by others (such as your employees) that are used for company business or caused by vehicles you rent/borrow.

General Liability offers coverage for the harm you may cause to others; this includes bodily injury, property damage, personal injury, slander or libel, and advertising injury.

Workers' Compensation and Employers Liability provides your employees with medical and wage loss coverage for work-related injuries, plus coverage for claims made by employees against employers for injuries or illness occurring in the workplace.

What Insurance Company Underwrites the Program?

Each of the insurance products that Amazon requires are underwritten by a carrier rated A+ (Superior) by the insurance rating service, A.M. Best.

Why Use the DSP Insurance Program?

No Down Payment: Unlike some programs that require 20-30% down, the DSP Insurance Program helps your cash flow with a unique and competitive financing option, which requires \$0 down followed by 11 equal monthly installments.

Convenient 1-Stop Shopping: The DSP Insurance Program includes Cargo Liability coverage, and gives you access to your required and optional insurance policies through one broker.

What Additional Insurance Products Are Available?

As one of the world's largest insurance brokers, Aon has access to a vast network of insurance carriers. If you are looking to supplement the DSP required policies with additional protection for your business, and would like one convenient point-of-contact, give Aon a call.

- As brokers, we seek to find you an affordable combination of cost and coverage
