

# Insurmark Private Commercial Flood Insurance

Offering private commercial property flood insurance through Insurmark is a way to diversify your portfolio and grow your business. Insurmark offers custom solutions for **Private Primary Flood, Private RCBAP, National Flood Insurance Program (NFIP), Excess Flood and Flood Deductible Buy-Back.**

- Competitive rates
- No NFIP surcharges or fees
- No 30-day waiting period
- Easy underwriting process
- Competitive commissions/in-house underwriters with authority to quote, rate and bind
- Quick turnaround – quote typically within 24 business hours
- 50 state availability
- Lender compliant

Insurmark offers a full suite of Private Commercial Flood Insurance Solutions with the benefits of uniquely designed risk mapping and modelling capabilities designed to allow more closely aligned pricing of a property, or portfolio of properties, in a complex flood landscape.

## ▶ What Sets Insurmark Apart

At Insurmark, we bring to our partnerships an in-depth knowledge and specialized expertise navigating the complexities of commercial flood insurance. We collaborate with our clients to identify custom solutions to address a range of exposures.

Managing General Agents (MGAs) and retail brokers placing their flood business with Insurmark have the advantage of:

- Ability to write multiple properties on one policy
- In-house platform designed to analyze and price risks, from one property to modelling an entire portfolio
- Experienced team of underwriters specialized in writing commercial flood insurance
- Ability to use Private Markets and NFIP

## ▶ Our Private Commercial Flood Insurance Solutions feature:

- NFIP Guarantee Endorsement; coverage as broad or broader than the NFIP
- Limits up to \$40,000,000; additional limits may be available
- Residential or Commercial insured
- Building and contents coverage
- Additional coverages available:
  - Business Income/ Loss of Rent
  - Replacement Cost

Let us help you deliver a Private Commercial Flood Solution aligned to your client's needs.
